

# Taking a COVID-19 Test

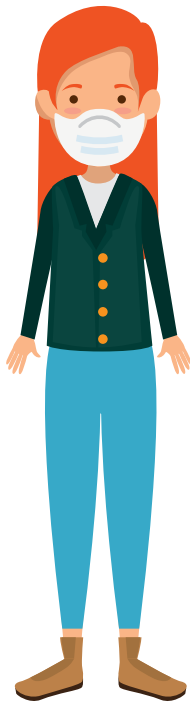

## SOCIAL STORY

I have to go and get a test to see  
if I have the Coronavirus.  
I should not be afraid.

1

My mom or dad will make an  
appointment at the doctor for me.

2

I may have to wear my mask before and after getting the test.

3

When I get my test, they will put a Q-tip in my nose. It may tickle or feel like I have to sneeze.

4

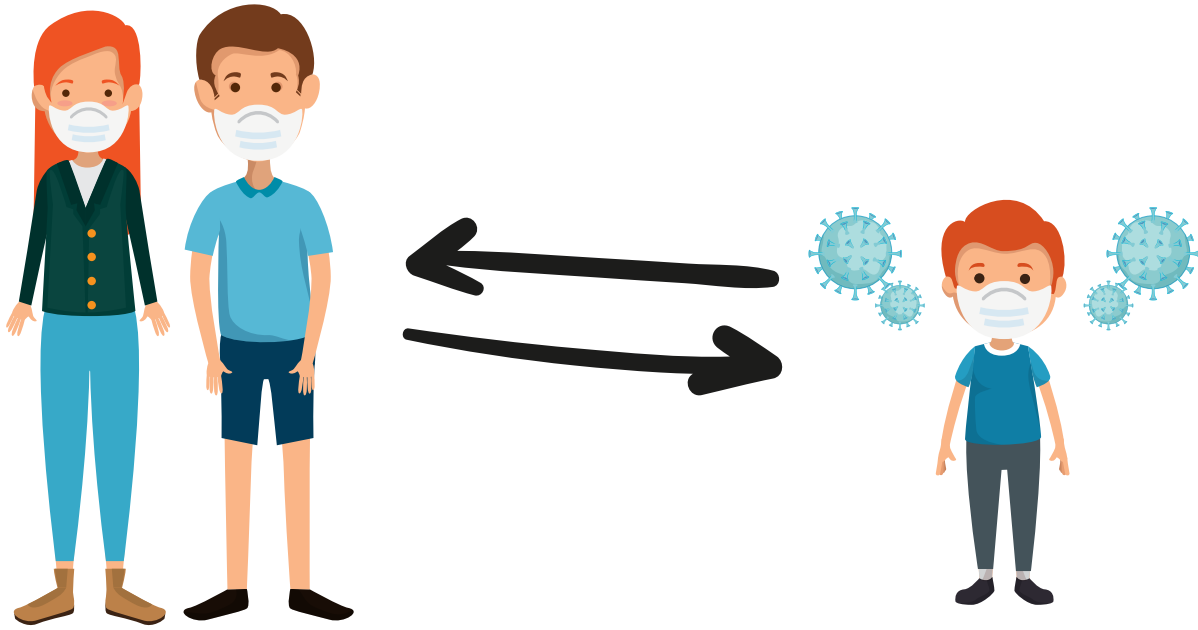

I may have to wait 15 minutes  
to a few days for my results.

5

While waiting for my results, I may  
have to stay home.

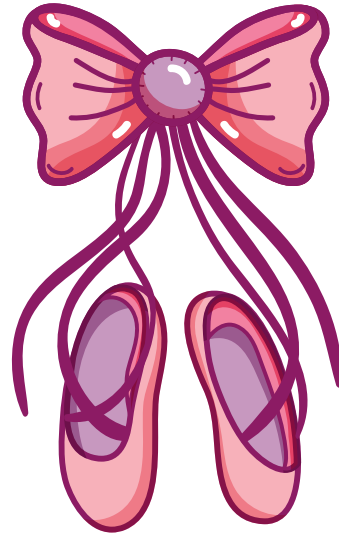

6

While waiting, I may have to stay away from my friends and family.

While waiting, I may not be able to participate in my usual schedule.

But soon I will stop waiting and return  
to my fun activities!

THE END
