

Regina Crone, PhD, BCBA-D, LBA Whitley Collier, MS, CCC-SLP

ABA Therapy, Speech Therapy & Occupational Therapy

3x Mom Approved

Dr. Regina Crone is a Board Certified Behavior Analyst-Doctorate (BCBA-D), receiving her PhD and a certificate in Autism Intervention from the University of North Texas. As the Founder and CEO of Therapy and Beyond, Teach Me Academy, and Camden Hill Montessori, Dr. Crone leads a passionate team of individuals delivering high-quality ABA therapy, speech therapy, and occupational therapy across Texas, Oklahoma, and Colorado.

Receiving the Mom Approved Health Care Professionals nomination this year with Dr. Crone is Whitley Collier, MS, CCC-SLP. Whitley specializes in picky eating and apraxia and, due to her RBT background, is able to work with any atypical learning and behavior

challenges. Whitley continues to be a candidate for ASHA's ACE Award given to professionals who demonstrate above-and-beyond commitment to lifelong learning. Cristina Romo, Behavior Technician, specializes in ages two to five and uses her creativity to help kids explore, grow, and strengthen in their own unique way!

Dr. Crone would personally like to thank her entire Therapy & Beyond family for *making a difference every day!*

At Therapy & Beyond...

- **Collaboration is KEY!** By combining ABA, speech, and occupational therapy your child is promised a collaborative care program that ensures everyone is working toward the same

goal outlined in their **individualized, non-cookie-cutter program.**

- Treatment is **family-focused** and incorporating all therapies in one place is not only essential for ethical and effective treatment but takes the hassle out of commuting from one therapy center to another.
- Coordination with Teach Me Academy offers a preschool inclusion program and elementary classroom focused on **social-emotional skills, language development, and individualized academics**, with specialists in Autism Intervention. This program is for children who show classroom readiness yet still need support.
